

UQ has pioneered the largest solar photovoltaic rooftop array in Australia and has just commenced construction of the largest solar photovoltaic research facility in the southern hemisphere.

GLOBAL SUSTAINABILITY

ITAM Study Abroad Program - Australia

The University of Queensland's Institute of Continuing & TESOL Education (ICTE-UQ) is offering Instituto Tecnológico Autónomo de México (ITAM) students a unique opportunity to explore the latest sustainability thinking and practices in Australia.

Gain real-world experience, broaden your perspective and see the world in a new way...

ABOUT THE PROGRAM

This program will give you international insights into managing contemporary financial, social and environmental issues in a globalised setting including climate change and emissions trading, corporate social responsibility, equality and social entrepreneurship, and renewable energy technology development. In two fast, fascinating, and thought provoking weeks you will

- Attend business, politics, and sustainability lectures at The University of Queensland - a university ranked in the top 100 worldwide.
- Visit Australian companies and meet with industry experts to see and hear first-hand how real-world businesses are meeting the sustainability challenge.
- Explore how climate change is impacting on all areas of business management and learn more about the role new technology and energy resources will play in a changing business landscape.
- Understand the complex interplay between local and global politics, government legislation, people and business.
- Experience Australian culture and develop a unique understanding of how some of Australia's leading researchers and organisations are tackling the sustainability challenges of tomorrow.
- Be part of a university campus environment ranked #1 globally and meet, make friends and learn with students from around the world.

YOUR UQ. YOUR ADVANTAGE

The University of Queensland (UQ) holds the highest possible QS Stars™ rating of 'Five Stars Plus' and is consistently ranked among the world's top 100 universities in all major global ranking systems including:

- Top 50 - QS World Rankings (2014-2015)
- Top 100 - Times Higher Education (2012-2013)
- Top 100 - Academic Rankings of World Universities (2014)

ABOUT BRISBANE

Brisbane is the state capital of Queensland and one of Australia's favourite destinations for international travellers.

Brisbane fast facts:

- Australia's third largest city - welcoming multicultural population of 2.1 million
- Warm, subtropical climate
- Voted Australia's 'hippest city' by Lonely Planet in 2014
- Easy-to-use public transport (buses, trains and ferries)
- A short distance from beautiful Gold Coast and Sunshine Coast beaches

ACCOMMODATION

Experience UQ St Lucia college dormitory life. Your dormitory accommodation will include dining hall meals (breakfast, lunch and dinner), a private bedroom and shared bathroom.

Students can find almost everything they need on campus and we are just a short bus (or river catamaran) ride away from the heart of Brisbane city as well as shopping and entertainment precincts.

PROGRAM DATES

Saturday 2 July - Saturday 23 July 2016
(includes travel departure dates)

A minimum of 15 enrolments is required for the program to be delivered.
